# Annual Report Fiscal Year 2015-16

## Enduring Mission - Shared Values

Access to health care makes a critical difference to our patients and their families. It provides peace of mind, economic security and services to stay healthy.

Since 2014, when the U.S. implemented the Affordable Care Act, the Free Clinic has experienced significant change. Patient visits decreased, and chronic diseases increased. We're preparing to address more change as national health care policy is revised.

### A Few of the Year's Highlights

- **Diabetes program:** We added a community health worker to the team. This new staff member will support patients with diabetes to address such social needs as food security, family support, transportation and physical activity.
- **Integration & partnering:** We continued to integrate medical and oral health services to improve overall patient care. Our 2016-2019 Strategic Plan calls for strengthening partnerships with social service non-profits. Providing services "outside the walls" of the Free Clinic is a priority.
- **Patient satisfaction:** In our 2016 patient survey, 97 percent of patients were very satisfied with their care. Fifty-eight percent said that without the Free Clinic, they would use an emergency room or delay much-needed care.

Our 500 active volunteers and eight staff members are committed to providing care for children and adults who are otherwise unable to obtain services. As always, our team will adapt to future policy changes and continue to focus on the needs of our patients. Helping and healing are what excite our extraordinary volunteers, board of directors and staff.

We are inspired by our community donors and partners. They continue to believe in the Free Clinic's mission and ensure our ability to serve the residents of Clark County.

President  
Board of Directors

The Free Clinic of Southwest Washington began as an urgent care medical clinic one night a week. Today, it is the largest walk-in, urgent care free clinic in the state.

We evolve continually in our efforts to ensure that every member of our community has access to health care. Yet our vision remains the same: Compassionate care - always.

### Our Services

- Urgent medical care
- Urgent dental care by appointment
- Childrens' preventive dental care
- Vision care
- Diabetes care
- Immunizations
- Health screenings
- Sports physicals
- Prescription assistance
- Help finding external resources to meet basic needs
- Coordination of specialty care in the community

### Our Values

- Respect all people.
- Ensure confidentiality at all times.
- Support positive working relationships.
- Provide quality and compassionate services.
- Embrace continuous improvement.
- Communicate openly and regularly.
- Teamwork: Be present, productive and supportive.

We invite you to visit us. Please call 360-313-1388 to arrange a tour. Enjoy a firsthand look at the excellent care provided by our dedicated volunteers.

## REVENUE

## EXPENSES

The annual financial statements of the Free Clinic of Southwest Washington were audited by the accounting firm Michael J. Plymale, Inc., P.S., for the fiscal year ending June 30, 2016. The financial information has been prepared in conformity with generally accepted accounting principles. Complete copies of the annual audited financial statements are available for review on the website [freeclinics.org](http://freeclinics.org). The Free Clinic of Southwest Washington complied, in all material respects, with compliance requirements.

# 6,764 patient visits

500 volunteers gave 19,600 hours

Our volunteer team:

- treated
- healed
- nurtured
- counseled
- and cared.

We couldn't live without them!

\$1.1 million

in donated services from specialists and health systems in our community.

600 donors

gave the funds to provide medications, supplies and equipment for our patients.

Thank you so much!

# 58%

of patients say they would have gone to an emergency room, not sought care, or not have known where to go without the Free Clinic of Southwest Washington.
