

# Free Clinic of Southwest Washington

## Annual Report

### Fiscal Year 2023-2024

Our mission: Provide and facilitate access to free, compassionate, quality health care for community members who are otherwise unable to obtain such services.

## An exciting and productive year

Fiscal year 2024 was another exciting and productive year for the Free Clinic of Southwest Washington. We continued to provide thousands of patients with medical and dental services, as well as coordination of

specialty care through our Project Access Program. Waiver 1332 also went into effect, which allows everyone in the state of Washington, regardless of immigration status, to purchase insurance through the state's marketplace. This made thousands of people eligible to obtain insurance for the first time, including our patients. In response, three of our staff

are now trained insurance navigators and have been working diligently to educate our patients about their options and enroll them in coverage when feasible.

Looking ahead to 2025, our Board of Directors has decided to move forward with a \$1.5 million renovation project. Our goal is to keep our clinic within our existing location for decades to come, while creating a modern primary care clinic that is an efficient, comfortable, and functional space for our patients, staff, and volunteers.

The main objectives for this remodel include new paint and floors throughout the clinic, updating our dental suite, redesigning the reception area, adding a 7<sup>th</sup> exam room, adding a break space for volunteers and staff, creating a more private workspace for our providers, and adding a conference room. These changes will allow us to care for more patients, attract more providers, and create a modern facility that is welcoming, safe, and comfortable for everyone.

The work that we do wouldn't be possible without numerous community partners, donors, and volunteers. The Free Clinic Board of Directors and staff thank them for their unwavering dedication and support. We look forward to welcoming our patients and volunteers into our refreshed space in 2025—a space where we can continue to serve as a medical and dental home for uninsured individuals in Clark County for many years to come.

President, Board of Directors

The Free Clinic of Southwest Washington was founded in 1990 to care for uninsured and low-income community members who lacked access to health care. Today, it is one of the largest free clinics in the state of Washington.

We evolve continually in our efforts to ensure that every member of our community has access to health care. Yet our vision remains the same:  
Compassionate Care - Always.

### Our Services

- Basic medical care
- Urgent dental care
- Medication assistance
- Immunizations
- Diabetes care and self-management
- Insurance and Medicaid navigation
- Coordination of specialty care in the community

### Our Values

- Respect all people.
- Ensure confidentiality at all times.
- Support positive working relationships.
- Provide quality and compassionate services.
- Embrace continuous improvement.
- Communicate openly and regularly.
- Teamwork: Be present, productive and supportive.

### Our Volunteers

Our 300+ volunteer healthcare professionals provide virtually all services for over 4,000 patients every year at the Free Clinic of Southwest Washington.

### Our Donors

The Free Clinic of Southwest Washington relies on our donors! We never charge our patients, and do not receive insurance or government reimbursement for our services. We are a community-supported organization. Thank you!
