OF SOUTHWEST WASHINGTON

Compassionate Care ~ Always

2013-2014

Annual Report

“I have been professionally served by the staff, doctors, nurses and everybody else, with profound care and compassion. Thank you.”

“I fully appreciate all that you do. It is hard not having insurance, and you all treat people so kindly.”

The annual financial statements of Free Clinic of Southwest Washington were audited by the accounting firm Michael J. Plymale, Inc., P.S., for the fiscal year ending June 30, 2014. The financial information has been prepared in conformity with generally accepted accounting principles. Complete copies of the annual audited financial statements are available for review on the website, www.freeclinics.org. The Free Clinic of Southwest Washington complied, in all material respects, with compliance requirements.

Honoring the Past; Preparing for the Future

The Free Clinic is an essential component in our community's health care system. For twenty-five years, the Free Clinic's mission has been to provide urgent health care services for children and adults who are otherwise unable to obtain such services.

During the past fifteen months, the number of uninsured in Clark County has been reduced by 30%, and yet this still leaves more than 43,000 people without health insurance. Even though more people have insurance in our community, it does not mean they have access to care.

The Free Clinic is an important partner in the health care safety net for Clark County. We are the community's Free Clinic and we will not turn families away who need urgent care services. Our 600 volunteers and 20 board members continue to be committed to providing quality care and service.

We are very grateful for the community's ongoing extraordinary support. Our commitment to you is to invest your donated resources wisely. As we commemorate 25 years as the community's free clinic, our promise is to continue to provide compassionate care for all adults and children who are uninsured, underinsured, or unable to access quality care.

Our staff and volunteers are very proud of our organization. We invite you to visit us, take a tour, and observe the excellent care provided by our extraordinary volunteers.

Todd Horenstein

Barbe West

Barbe West
Executive Director

The Free Clinic of Southwest Washington began as an urgent care medical clinic one night a week. Today, it is the largest walk-in, urgent care free clinic in the state. We continually evolve in our efforts to ensure everyone has access to health care in our community, yet our vision remains the same: *Compassionate Care - Always.*

Our Services Today

- Urgent medical care
- Urgent dental care (by appointment)
- Preventive dental care for children
- Vision care
- Diabetes care
- Immunizations
- Health screening
- Sports physicals
- Prescription assistance
- Assistance finding resources for basic needs
- Coordination of specialty care

Annual Statistics

There were 7,335 medical patient visits.
Of those, 842 were children.

There were 1,907 dental patient visits.
Of those, 634 were children.

The year saw a total of 9,242 patient visits.

Our dispensary provided medications for 6,395 prescriptions.

There were 2,029 appointments made with specialists in the community.

Dedicated volunteers gave over 27,525 hours.

There is one staff member for every 60 volunteers (9.5 paid positions).

"My mouth and teeth feel so much better from the work you have done. What a blessing you are to those of us on limited income."
